We are excited to continue the “Member Spotlight” for 2018, providing a fun way to showcase LVHA members to our hospitality community. At several meetings throughout the year, we will feature five LVHA members by showing a 1-2 minute video interview during the breakfast or lunch. The videos will be professionally produced, and a list of standard questions (both personal and professional) for the member to answer will be provided.

If you are interested in participating in the Member Spotlight program, please complete and return this form. Members will be randomly selected and notified when their name is drawn to schedule the interview production.
